

Looking for a unique way to turn this year's gathering into a magical event that your audience will love?

Put Peter Mennie onstage!

Peter has been generating heart-warming laughter for decades with a bag of tricks that includes:

- **A precision magic show full of "How'd he do that?" moments**
- **Good clean family humor that entertains as it amazes**
- **Terrific audience participation**
- **Flawless stage management and technical expertise**

Four decades and more than 10,000 shows across North America have turned Peter into an expert on entertainment, professionalism and how to make laughter appear out of nowhere. When you put Peter in the spotlight you aren't just hiring a comic magician, you're putting a professional on your team who cares about your event's success and works to enhance your corporate reputation.

Peter plans every show to maximize both the uproarious giggling of children and the no-holds-barred laughter of adults. He can be onstage in no time and off again just as quickly; he brings everything he will need for the performance and always leaves the audience wanting more!

Want to know more about how you can put Peter Mennie to work on behalf of your next event?
