

PETER MENNIE'S

WALKER

THE
FUNNIEST
MAGIC SHOW
THEY WILL SEE
ALL YEAR!

**YOUR GUESTS WILL LAUGH!
THEIR KIDS WILL LAUGH!
IT'S THAT SIMPLE!**

Peter Mennie's ABRAKIDABRA! is an hilarious comic blend of squeaky-clean audience participation magic and illusion, ridiculously silly kid oriented visual antics and trendy grown-up comic observations sharpened over 40 years on 1000's of Resort, Cruise, Banquet, Special Event and Theatre stages across Canada the U.S. and the Caribbean.

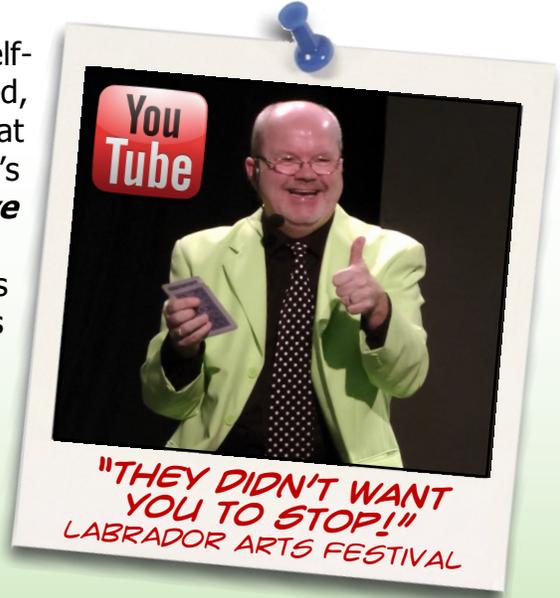

ABRAKIDABRA! is aimed primarily at the kids, however, Peter has a fun way of layering more sophisticated magic & humour into the show so that the parents in the audience don't get left behind because after all, that's what family-focused entertainment is all about! As a matter of fact, **ABRAKIDABRA!** is so easy to present and so completely focused on both the parent's and their children's overall entertainment experience as well as your piece of mind over a job well done, it might look like a miracle, considering how funny Peter is onstage.

the kids **with** mom and dad will love to watch and participate in. It's just the right combination of music, magic & mayhem presented **live on stage!**

Since the humour in the show is as fun as the magic, does this make the performance a "comical magic show" or a "magical comedy show"? We'll let you decide but either way, your audience will be entertained and you won't be disappointed!
