CANADA'S FAMILY FRIENDLY FOOLER!

## HELLO! IT'S GREAT TO E-MEET YOU!

Thank you for taking the time to read through my press kit to get a better idea of how **Peter Mennie's ABRAKIDABRA! Show** can help take your family entertainment needs to the next level.

We've all been to events where the performer has been advertised as '**Family Entertainment**' and when they've started it's been something akin to Baby Shark - or worse yet, inappropriate for first graders. I understand how important it is to make sure you get a performer who can really **connect** with and **impress** not only the kids, but **also** the Moms & Dads. Having made a career for over thirty years performing at family focused special events around the world, I can confidently say that you won't be disappointed having my show at your event because:

**#1 It's Fun** - There are many different kinds of entertainment that you could spend your budget on: Music (which can be difficult to find something that everyone likes), Costume Characters (like superheroes - interesting to see but no real 'show') or a Storyteller (but that really only works for very small groups). When it comes right down to it, families really just want to have fun and the **AbraKIDabra! Show** is the perfect blend of **Comedy, Magic, Audience Interaction & Music** so that **everyone** has a blast, laughs a lot, is amazed and leaves with a smile on their face.

**#2 It's Memorable** - The **AbraKIDabra! Show** (and its cousins) contain several routines and bits that are not performed by any other family-focused magician in the country. In fact, I just got an email this week from a previous client on the phone - a major national festival - who wrote that their people are still talking about my performance from two years ago! Why not make that kind of a lasting memory?

**#3 100% Family Friendly Magic** - The key to successfully entertaining families is to perform material that is for **ALL** ages. There are actually four separate age groups when 'family magic' - Primary, Junior, Senior and Parents - and each has their own unique love of magic. My show is full of routines that interact with, entertain and amaze each group - *parents too!*

**#4 It Brings Families Together** - My goal is for families to watch my show **together**. I've heard it time and time again from my clients: "I'm so glad that you were able to entertain the parents at the same time as the kids." Let me help you create the same success at your next event!

“★★★★★”

"The night time entertainment was amazing. The kids loved Peter Mennie!"

"You were a hit once again with our Park Stage audiences! Your show is terrific, and the audience participation is just great. It never fails to amaze me how you manage to entertain everyone from 2 to 92 and keep your show fresh and new year after year."

"Hi Peter. We received many comments, even days after the show, about what a good time the families had. There was lots of laughter in the audience which is always nice to hear and it was also one of the largest turn outs for an event we have had in a while."

"A professional, highly entertaining magician."

"It was an absolute pleasure working with you during our Omingmak Frolics in Cambridge Bay. Our festival was thoroughly enriched by your performances and workshops. The community absolutely loved you and three weeks later I am still receiving comments about your shows. It is your **professionalism** that stands out for me. From being **flexible, friendly, funny**, and most importantly understanding due to the remoteness of our community, you were willing to go **above and beyond** to do whatever it took to make sure we were happy and had **a great time!** Some of the comments I received are: **"Wow!"**

**"Impressive"** **"Where did you find this guy? He was the perfect choice!"** Without a doubt, you helped make the Omingmak Frolics memorable. I'd strongly encourage any event coordinators to **book you now** before it is too late and I know that they'll be as impressed as I was. I can't wait until next time!

"Once Peter took the stage you knew that it would be a performance that would leave adults and kids in awe of his magic and in stitches from all the comedy that he effortlessly dishes out. His magic and illusions allowed a multitude of kids to become part of the show as his assistants and he played off of their reactions, which if you have kids you know they can say some pretty funny things. Many of the kids around us wanted to get on stage and he made sure he involved as many as he could. My daughter often whispered to me "Mom, he is soooo funny!" and "WOW... how did he do that?" I have to admit that I also wondered the same thing."
