FOR IMMEDIATE RELEASE

PETER MENNIE: That Magic Guy presents a *"fun-filled, hysterically funny, family-friendly, festival of foolin"* that has been touring North America and Europe & the Middle East for the past 30 years and is guaranteed to be *the funniest magic show you (and they) will see all year.*

The magical mayhem features:

- Cardiographic!** (a cartoon drawing of a deck comes magically comes to life!),*
- The Balloon Caper** (trying to create a simple Balloon Dog),*
- Math Class** (it's the NEW math) and*
- We Going To Need A Bigger Wand** (the absolute best photo-op in the show!)*

And way more musical, magical mayhem than you can wave a wand at!

Throughout his career as **CANADA'S FAMILY FRIENDLY FOOLER** - magician **Peter Mennie** has done it all from full illusion shows right down to intimate close-up magic and almost every style in between. However, nothing compares to the satisfaction received from entertaining family audiences. He loves entertaining the kids and Mom & Dad - **together**. Two levels of comedy, two levels of astonishment, all in one amazing performance.

Peter Mennie's Magic Show truly is a *"stand-up-situational-comedy-of-errors"* performance that Deerhurst Resort called *"Hilarious, Interactive and Ideal for all ages!"* and the Labrador Creative Arts Festival said, *"They didn't want you to stop!!"*

City-TV put it best, *"A funny guy with a great act!"*
